I read the thoughts of you...

All sorts leave the glass you
drawn out of. All sorts leave the
date you was sitting with.
That's strange! And embarrassing.

Thank you for reading Love Lab Volume 6! Riko usually plays the straight man (tsukkomi) but she was all over the place in this volume. I think the story is finally approaching the spirit of this manga's title. But even with "love" added to the mix, these five girls will always be silly. Summer vacation isn't over yet... not by a long shot!!

Swimsuit switch.

WE'LL BE
FINE IF

TOGETHER.

CAN YOU
